### Billionaire Sex Offender's Phone Book Contained E-Mail Addresses, 21 Phone Numbers For Bill Clinton

Now that Prince Andrew has found himself [ensnared](#) in the sleazy sex slave story of wealthy degenerate Jeffrey Epstein, Bill Clinton can't be too far behind.

Epstein, who paid teenage girls for naked massages at his Palm Beach, Florida mansion, is a convicted sex offender whose circle of powerful friends has

included financiers, celebrities, politicians, and scientists.

In fact, Epstein, 61, has maintained many of these relationships even after pleading guilty in 2008 to a felony charge stemming from a lengthy probe of his [lewd interaction](#) with scores of underage girls, many of whom were recruited while they were students at a Palm Beach high school.

Epstein is pictured above in his most recent sex offender registry photo.

But while Prince Andrew and other public figures resumed meeting with a post-prison Epstein, Clinton appears to have

avoided the billionaire, who owns a private Caribbean island, a Manhattan mansion, a New Mexico ranch, and a Paris apartment in addition to his waterfront Palm Beach residence.

[According to court records](#), Clinton "frequently flew" with Epstein aboard the investor's private jet from 2002 to 2005, the year news of the police investigation of Epstein was first reported.

During the early stages of that probe, cops surreptitiously collected the trash from in front of

Epstein's Palm Beach home. The refuse included documents with the names of some of his many underage masseuses, as well as an Amazon.com invoice for the purchase of sex slave books like "[SlaveCraft: Roadmaps for Erotic Servitude--Principles, Skills and Tools](#)," "[Training with Miss Abernathy: A Workbook for Erotic Slaves and Their Owners](#)," and "[SM 101: A Realistic Introduction](#)."

As part of a civil suit filed against Epstein by several of his victims, lawyers for the women floated the possibility of subpoenaing Clinton since he "might well be a source of relevant information" about Epstein's activities.

While Clinton was never deposed, lawyers obtained [Epstein's computerized phone directory](#), which included "e-mail addresses for Clinton along with 21 phone numbers for him, including those for his assistant (Doug Band)," according to a

court filing.
